Setting Up

We understand that many couples wish to create their own unique centrepieces, have specific favours they wish to buy or personalised items they wish to use on their special day.

For this reason we have a number of 'set up only' options. This way, couples can use all their own items, but do not have the stress and hassle of setting up their venue the day before, or even the morning of, their wedding day.

- * £10 per table being set up (includes putting on couple's own chair covers and sashes)
- * £5 per table if at least one of our individual items is being hired for the event (e.g. LOVE Lights)
- * 75p per chair for ceremony set up (putting on couple's own chair covers and sashes)
- * £50 additional cost if there is more than one room change (for example, ceremony set up, wedding breakfast set up and evening reception set up)
- * Additional room decorations such as bunting etc will be priced according to number required and work involved.

We also understand that couples want to have an ongoing theme throughout their day, and that many people marry in one location then move on to the wedding breakfast and/or reception.

So we also offer Church or Registry Office Decoration.

- * End of pew decorations
£5-£10
- * Floral Decoration
(Silk Flowers)
£10-£50
- * Signs
£3-£8
