BESPOKE VENUE DRESSERS

Setting Up

We understand that many couples wish to create their own unique centrepieces, have specific favours they wish to buy or personalised items they wish to use on their special day.

For this reason, we have a number of 'set up only' options. This way, our couples can use all their own items but do not have the stress and hassle of setting up their venue the day before, or even the morning of, their wedding day.

£15 per table being set up – this includes putting on the couple's own chair covers and sashes, and centrepiece set up

This is reduced to £10 per table if at least one of our 'for hire' items is being used (chair covers for example)

75p per chair if using couple's own chair covers and sashes

£50 additional cost if there is a room change involved (for example changing the room over from the ceremony to the reception).

Additional room decorations such as bunting, paper lanterns etc. will be priced individually according to the number required and the work involved.

Ceremony Only

We also appreciate that many couples marry at a separate venue such as a register office or place of worship, before travelling to their reception venue, and may well wish to continue their theme for both venues.

We therefore offer the below services for ceremony venues (prices apply whether or not Bows & Joy are providing the reception decoration).

End of row/pew decorations - £5-£10

Focal point floral decorations - £10-£50

Signs - £3-£8
